APPENDIX 8-3

STABILITY ANALYSES – RCC SECTION – USACE

BLACK & VEATCH

South Florida Water Management District
EAA Reservoir A-1 Basis of Design Report

January, 2006

The roller compacted concrete gravity dam section discussed in the Embankment Technical Memorandum was originated by the US Army Corps of Engineers, Jacksonville District. Documents provided by USACE have been reviewed and were considered in preparation of this BODR. Their internal documentation has not been included herein.
